¹ Virtual annual preventive care (wellness) visits through the Sydney Health app are available starting September 2022. The virtual annual preventive care (wellness) visit is covered in full unless the employer has a limit or cap under their benefit plan.

² Virtual primary care medical services provided by Preventive Medical Associates P.C. through an arrangement with Hydrogen Health, which provides the virtual care platform.

³ Eligible employees are those who have not yet had an annual preventive care (wellness) visit during the plan year (either virtual or in-person) whose group benefit plan covers a virtual primary care exam. If an employer group has a cap on the number of preventive care (wellness) visits that are covered in full and the employee has exceeded the cap but would like to have another preventive care (wellness) visit, they may be responsible for copays and other out-of-pocket costs for the visit. Employees should consult their benefit plan and/or contact Member Services if they have any questions.

⁴ Your doctor will determine if a prescription is needed at time of visit.

In addition to using a telehealth service, you can receive in-person or virtual care from your own doctor or another healthcare provider in your plan's network. If you receive care from a doctor or healthcare provider not in your plan's network, your share of the costs may be higher. You may also receive a bill for any charges not covered by your health plan.
